

DEATH is an ORGASM

 Raphiem  February 20, 2007  Blue Transmissions

We speak to you on more levels than what you are now perceiving. We speak to those whose souls are tired and dis-illusioned. To those whom have hunger in their hearts. And to those whom may for a moment have glimpsed the truth for it only to vanish out of sight.

We speak to those whom are holding the grid, holding the light, whom are conduits for the earth and her humanity. And to those whom can sense a new presence, a new awareness, a new consciousness awaiting to be birthed. Be ready to receive your divine-self. Be in a moment of stillness and listen.

The all-that-is-is-YOU, the YOU who is all things and knows all things, who always was, always is and always will be. As you read these words, a part of you will quicken. You will come to know that it is REAL SELF and not your EGO. For that which is with-out is a pure reflection of with-in. You already know this but many are yet to experience it. You are not your mind nor its intellect for they are only expressions of your being, your realSELF, as you are an expression of the all-that-is.

A time may come in your potential now in which you term the battle of armageddon. This is not in reality an outward battle for it is in truth an inward battle. A battle between SELF and NOT-SELF, between SPIRIT and EGO, for it may be externalised, polarised and reflected as war. This not be if you are to embrace, accept and love your EGO's rather than resist, exclude or invalidate.

Be still, listen within, listen to your heart beat, to your breath, to the blood rushing through your veins, listen to nature breathe, be still,

Your mind is a program, it filters out that which does not fit into anything it has experienced, your mind supplies your EGO with self-distractions that your EGO has never experienced or known or owned the real YOU, the TRUE SELF, through self-distractions, through pain and pleasure. You have come to believe that your EGO-MIND is your true self. You have forgotten that the all- all-that-is which is you. You have become enslaved to your EGO.

And so you find your SELF in a difficult situation, what you term a catch-22. How to still the mind-EGO and yet at the same instance speak to your EGO and embrace it, how to embrace and love the EGO and allow it to, continually sabotage yourSELF and yet still know that you are one and the same as the all-that-is.

The answer to this is by being still and feeling, feel the all-that-is, feel every vibration, and should your EGO begin analysis-paralysis of these feelings and sensations, do not suppress or resist these thoughts but allow them to be, to flow and allow them full right of access, but in doing so observe them and know them and understand from where they come from. For the all- that-is-you also exists in these limited and filtered thoughts for they are not separate from the feelings but in reality they are the one and the same as your feelings. Just as the river of water is not separate from the ocean of water, your thoughts are not separate from your feelings they are a but a filtered frequency.

as you instill your mind/ego know that you are and ALWAYS the ALL-THAT-IS ... say, feel, touch this knowingness ... repeat it in every action, expression and articulation that you are and always the all-that-is slowly but surely this will be-come a realisation eventually in your timing ... your body will surge with waves of electrical energy ... washing over your physical senses an ecstasy much like that of your orgasms

know you what an orgasm is ?? it is death! ... it is the feeling and sensation of the illusion you know as DEATH this is your orgasm at your moment of death when your soul releases its attachment to your spacesuit ... the sensation of feeling ... the letting go ... the allowance and de-attachment ... the release ... the separation ... is like that of the most wonderful orgasm you have had and more unparalleled ... the instance of death itself is not painful at all ... although it may appear that way to the observer ... this may come a surprise to many ... this is a truth we speak ... in a manner of speaking ... orgasms are a form of consciousness ascension ... when they are expressed and come through the heart-chakra open ... your sexual tension can be likened unto ascension tension ;o) ...

your EGO may be asking, questioning or in judgement as why is it that BLUE is bringing forth this subject topic of orgasms and death ... the simple truth is when you are one with the all-that-is ... the electric sensation is like that of an orgasm ... but understand it is not a sexual orgasm but that of a multi-layered, multi-leveled, multi-faceted orgasm ... it is as if all your organs and glands are having their own orgasm ... every cell is in this state of bliss ... vibration ... nowness very few have had glimpses of this ... where they were connected and one with all and everything there is an electric buzz ... in some it can be heard vibrating behind their ears ... crackling ... as it gets louder and then “wham” ... they have snapped out of it and back with the EGO in control ... oh human how close you are to ascension ...

know you your consciousness shifting ... rising ... and what you term and define ascension to the next level is exactly this cosmic orgasm and we can not impress further the importance of your heart-chakra ... the centre of the all- that-is thus why you may find our host so obsessed and to some fanatical when it comes to the heart- thymus chakra ... this is your shield against the seen and the unseen when heart is centred-opened-receiving ... the shields are at full power ... when heart-closed- restrictive ... the shields are weakened ... defences down ... the words chosen here do no justice as we are dealing with limited vocabulary of our technically minded host ...

Your heart-chakra is the centre of you as your Earth is the centre of the solar system which is the centre of your galaxy which is the centre of your universe ... how is that for perspective .. what is the heart-centre of your earth you ask ... mmm .. we will entertain you and say it is Australia ... and more so Uluru [Ayer's Rock] within Australia is the heart-chakra of your Earth.

This is the universal alignment ... it is all hearts are lining up on all levels seen and unseen ... synchronising like a cosmic clock set to ring the divining bell

the I of YOU is the centre that sits within you patiently waiting and watching ... knowing no time or space for it is the eternal now filling all things it is this I of YOU that directs and gives you guidance from your unseen but only to be ignored by your EGO mind ... for we are all and the same and the one ... nothing separates us from you as nothing separates us from the all-that-is ... but only your perception ... we know and experience are the all-that-is ... for you it is unknown ... unexperienced but only mere concepts ... but a moment in your time is coming where you will come to know and experience this ... you will know yourSELF and OWN yourSELF ... the I of YOU is what animates YOU ... gives YOu purpose gives you life ... in the seen and unseen ... for nothing is dead ...

Many of you assume that thinking creates your reality. Tthis is not completey true! It is the thinking with and through your heart that creates your external reality. It is not the thinking and imagery perpetuated through your EGO-MIND. As these are only limited forms of creation. Know you your heart/chakra is also a thinking organ working in parallel with your crown chakra. However unlike your crown chakra where thought is received/downloaded from your spirit and then filtered through you EGO/MIND ... your heart/chakra does not receive filtered but full and complete thought expressed as a different vibration of thought you term feelings never the less it is one and the same ... the battle between your EGO and HEART is your inner battle of armedgeddon ... the winner of this battle is that which unconditionally

embraces and encompasses all including its “perceived” enemy ... which is in “truth” itself ... for there is in truth no other way ...

Think/feel/create from within the quiet space of your heart for in this centre all things can be transformed in and with the spirit of your flaming hearts likened unto the alchemist’s crucible.
